(Exception: Awards will be awarded at team draw) All existing "good standing" members are given first priority in the event of an open seat and may replace a guest or prospective member. All substitutions/changes must be approved by the Tournament Director. All fish caught by prospective members and guests will be included in the day's catch for team tournaments.
4. A co-angler can be paired with a given boater a maximum of 2x in any one tournament season. In the event of a repeat pairing, the co-angler will be put back into the draw or switched by the Tournament Director as necessary. Upon being drawn, you are guaranteed to fish – your fishing partner may be switched to ensure you aren't fishing with the same partner more than 2x. Pick-your-partner tournaments are excluded in the count.
5. Options: There may be an option pot declared for a tournament. All options are paid out at 100%. For an individual weight tournament, entry is optional for each angler. 9. Trolling as a method of fishing is not permitted. Trolling is defined as fishing while the big motor is running and in gear with baits in the water.

Violation of this rule may result in tournament disqualification.
18. Check-in: All boats may be checked for functional livewells and both anglers have life vests to receive an official signed weigh slip from the Tournament Director prior to blastoff. Team tournament limits are 5 (five) bass per team but never more than the legal daily possession limit. If only (1) angler competes as a team the limit is 5 fish. Should local regulations specify a different method of measurement, a different minimum length, or a different bag limit than the club's standard, the more stringent standard will be utilized in the tournament.
21. Weigh-In Procedures: All anglers will present their days catch in a weigh bag. To weigh a big fish, it should be marked with a culling tag or identified by the angler upon presenting their weigh bag. The big fish will not be weighed if not identified.
